Oslo

View this job online at: <https://www.itjobstem.com/jobs/oslo/product-manager/j912093.html>

### Job Description

**The Product Manager is responsible for the product planning and execution throughout the Product Lifecycle, including: gathering and prioritizing product and customer requirements, defining the product vision, and working closely with engineering, sales, marketing and support to ensure revenue and customer satisfaction goals are met. The Product Manager also ensures that the product supports the company's overall strategy and goals.**

### The Product Manager is expected to:

- Define the product strategy and roadmap
- Deliver MRDs and PRDs with prioritized features and corresponding justification
- Work with external third parties to assess partnerships and licensing opportunities
- Run beta and pilot programs with early-stage products and samples
- Be an expert with respect to the competition
- Act as a leader within the company

### Requirements:

- Minimum of 5 years experience as a Product Manager
- Demonstrated success defining and launching excellent products
- 5+ years of experience in a job in the Maritime Industry
- Excellent written and verbal communication skills

### Salary

60,000
